REPORT OF THE SCHOOL BOARD.

The School Board respectfully submits the following report for the year ending Feb. 14, 1901.

The annual school meeting was held March 12, 1900.

Mr. Sumner S. Hartshorn was elected for three years, Fred B. Richards for two years and Mrs. Elsie M. Sargent for one year.

Board organized March 13. Mrs. Elsie Sargent was chosen Chairman, Fred B. Richards, Treasurer, and Sumner S. Hartshorn, Secretary, and to care for the supplies.

Districts No. 1 and 2 were united with the school in the No. 1 schoolhouse. Mr. C. L. Brockway taught all three terms. He came to us a stranger from Connecticut, but we feel we made no mistake in employing him. He seemed to be the right one for the place. We were much pleased with the appearance of the school, everything went on like clock work.

In No. 3 the spring term was taught by Miss Jennie G. Dodge of Francestown. She had taught here before. She is a very conscientious, hard-working teacher. Judging from the amount of work she had to do evenings, correcting compositions, language and arithmetic work, we feel she had the faculty of getting the children to work as well as herself.

The fall and winter terms were taught by Miss Ida Fletcher of Greenfield. Miss Fletcher is a teacher of experience and had taught in this district before. She has a happy faculty of getting the good will of the scholars. We like her method of teaching very much. She interests her scholars in a great many useful things beside those found in their text books.

Districts 5 and 9 are united with the school taught in No. 9. schoolhouse. All three terms were taught by Mrs. Carrie M. G. Johnson, a resident of the district. She is a teacher of experience and does good work in the school room, and we think her work was appreciated.

The school in No. 6 was taught all three terms by Miss L. Anabel Tenny of Antrim. This was her first experience in teaching. She seemed at first to get the good will of the scholars, but they found she had a good deal of decision when it was needed in disciplining the school. We feel that she made a success of her work and will make a fine teacher with more experience.

The school in No. 7 was taught all three terms by Miss Elizabeth M. Desilets of Wilton. She had taught before and did very fine work, and was appreciated by all.

In summing up the work of the year we feel that there has been good work done in all the schools. We think we were very fortunate in our choice of teachers. There is a chance for improvement in everything and our schools are not an exception to the rule, but we feel pleased that there has been so much accomplished, and we hope for still better results in the future. We would like to emphasize the thought we had in our report for the last year, that the best results can only be obtained by the co-operation of teacher, scholars and parents. Remember that all are responsible parties.
